

# FITTING INSTRUCTION

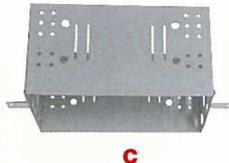

## DOUBLE DIN FITTING KIT - FIAT 500 44.276.UNI (PIANO BLACK) - 44.276.1UNI (PEARL GREY)

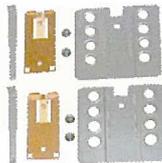

**A** Paddles for air vent

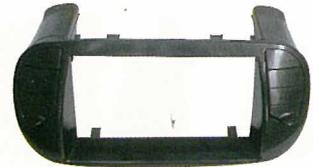

**B** Foam

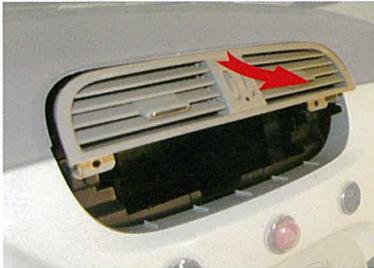

**C** Metal cage

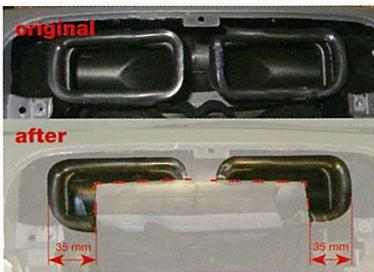

**D** Side springs

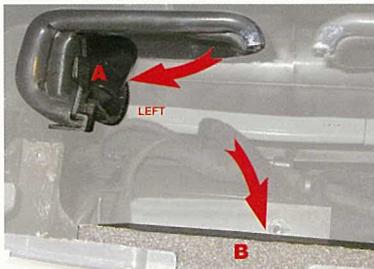

**E** Housing / Panel

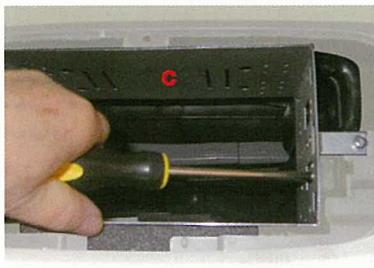

**1.** Remove the original radio and air-vent cover.

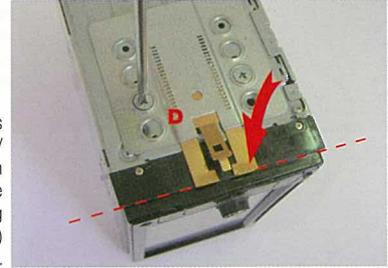

**2.** Without removing it, cut the front of the air-vent duct as shown. It is recommended to offer the cage to the opening to check the measurement before the final cut.

**3.** Insert the paddles (A) into the cut ducts, using the "U" section to guide the correct position. Remove backing paper and the stick the foam block (B) in central position as shown.

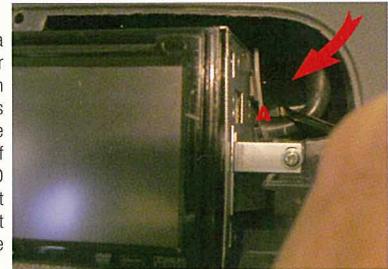

**4.** Locate the cage (C) in position, ensuring correct alignment to the foam block and screw, as shown.

**5.** Apply the springs (D) to the Radio / DVD / Navigation unit using the mounting hardware (D) as necessary.

**6.** Insert the Radio / DVD / Navigation unit into the cage until the springs click and engage fully.

**7.** Using a screwdriver, or similar, push the paddles (A) against the sides of the Radio / DVD / Navigation unit to ensure correct airflow from the ventilation ducts.

**8.** Carefully apply the Housing / Panel (E). First locate the top clips and then the lower section.
